تنويه بخصوص المناقصة رقم 19/2020/MOLG-GSD/MOFP

شراء وتوريد صور جوية للعام 2020 للضفة الغربية وقطاع غزة لصالح وزارة الحكم المحلي

اشارة الى الموضوع اعلاه ، وبناء على استفسارات بعض الشركات مرفق الرد في الجداول التالية:

Inquiry #	Feedback
1. 50 cm resolution	This is to re-confirm that required spatial resolution is <b>5 cm</b> (5 cm resolution has been previously provided for a number of AOI with no issues)
2. No shadow	If this can't be achieved, GSE can indicate their remarks in the comment column
3. 10 cm accuracy	If this can't be achieved, GSE can indicate their remarks in the comment column
4. 1 km buffer	If this can't be achieved, GSE can indicate their remarks in the comment column
5. Military zones	If this can't be achieved, GSE can indicate their remarks in the comment column
6. Dead sea	If this can't be achieved, GSE can indicate their remarks in the comment column
7. 3 bands and 16 bits	If obtaining 3 bands from 16 bits pixel depth is technically impossible, GSE needs to mention this in the comment column and attaching an official letter from the navigation company confirming they will never be able to meet this specs. In this case, we can consider going to 8bits with 3 bands if other applicants struggle with this specs
8. 40 cm for Gaza	If this can't be achieved, GSE can indicate their remarks in the comment column. if this can be provided with limitations, this also needs to be mentioned

9. No shadow	If this can't be achieved, GSE can indicate their remarks in the comment column. if this can be provided with limitations, this also needs to be mentioned
10. No cloud	If this can't be achieved, GSE can indicate their remarks in the comment column. if this can be provided with limitations, this also needs to be mentioned
11. 250 m buffer	If this can't be achieved, GSE can indicate their remarks in the comment column.
12. 16 bits and 3 bands	If obtaining 3 bands from 16 bits pixel depth is technically impossible, GSE needs to mention this in the comment column and attaching an official letter from the navigation company confirming that they will never be able to meet this specs. In this case, we can consider going to 8bits with 3 bands if other applicants struggle with this specs
13. 4 visits	- Other companies might not be able to process and handle the work at their premises, and thus these visits are necessary to report the progress based on ground facts - Capturing the aerial photos will be implemented anyway by navigation company which will be anyway different from the bidder and thus these visits are necessary to report the progress in the capturing process.
14. Payment	This is to re-confirm that payment will be according to what has been indicated in the bid document

وتفضلوا بقبول فائق الاحترام،

محمد ربيع
